About

Welcome to my Portfolio Site! I'm excited to showcase the work I have done at Kaynor Technical High School. This site will give you an opportunity to see what I have been working towards during my high school years.

I have many goals set for myself. I am in the IST trade and hope to become a programmer when I grow up.
Most recently, I have been working on creating parts of a game and I'm looking towards programming an entire app or game.
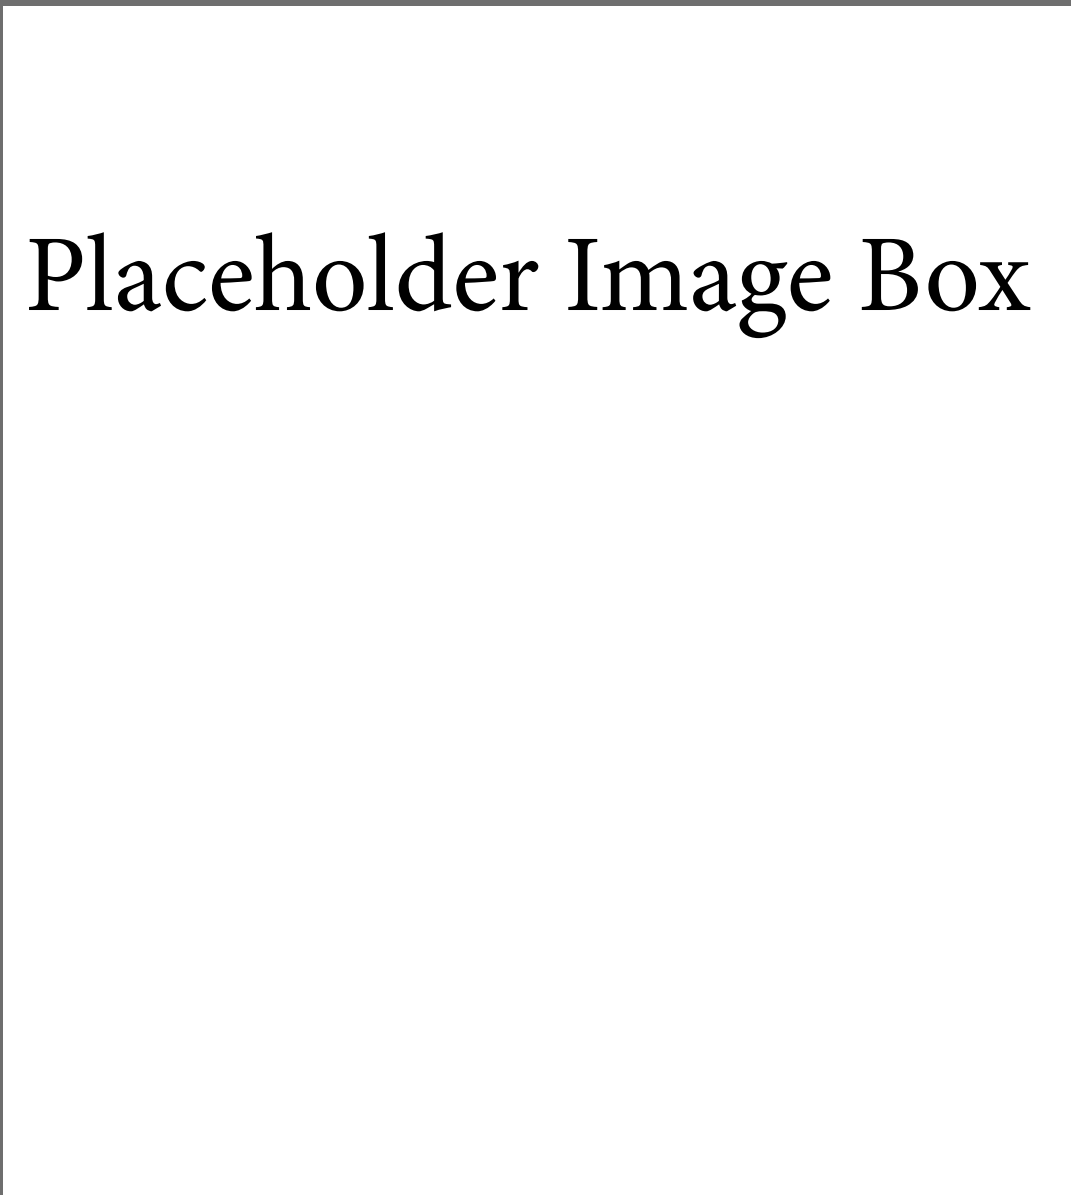

Please feel free to browse my site.

And remember the Kaynor Motto: Start Strong, Be Strong, Stay Strong, Finish Strong.
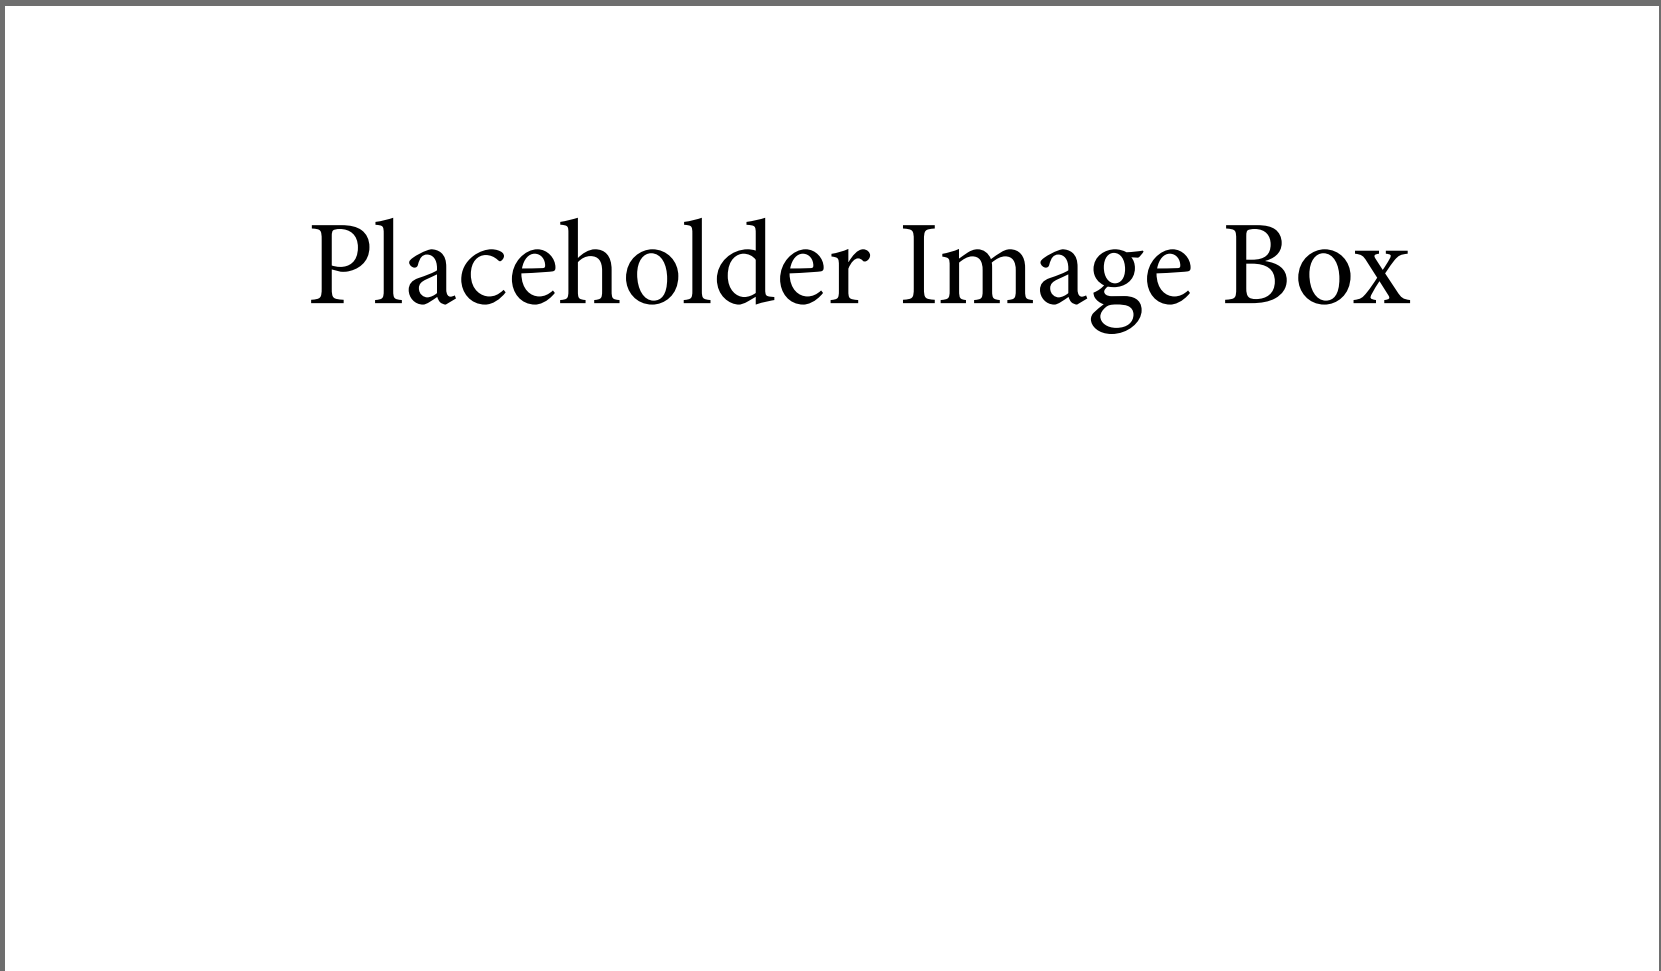

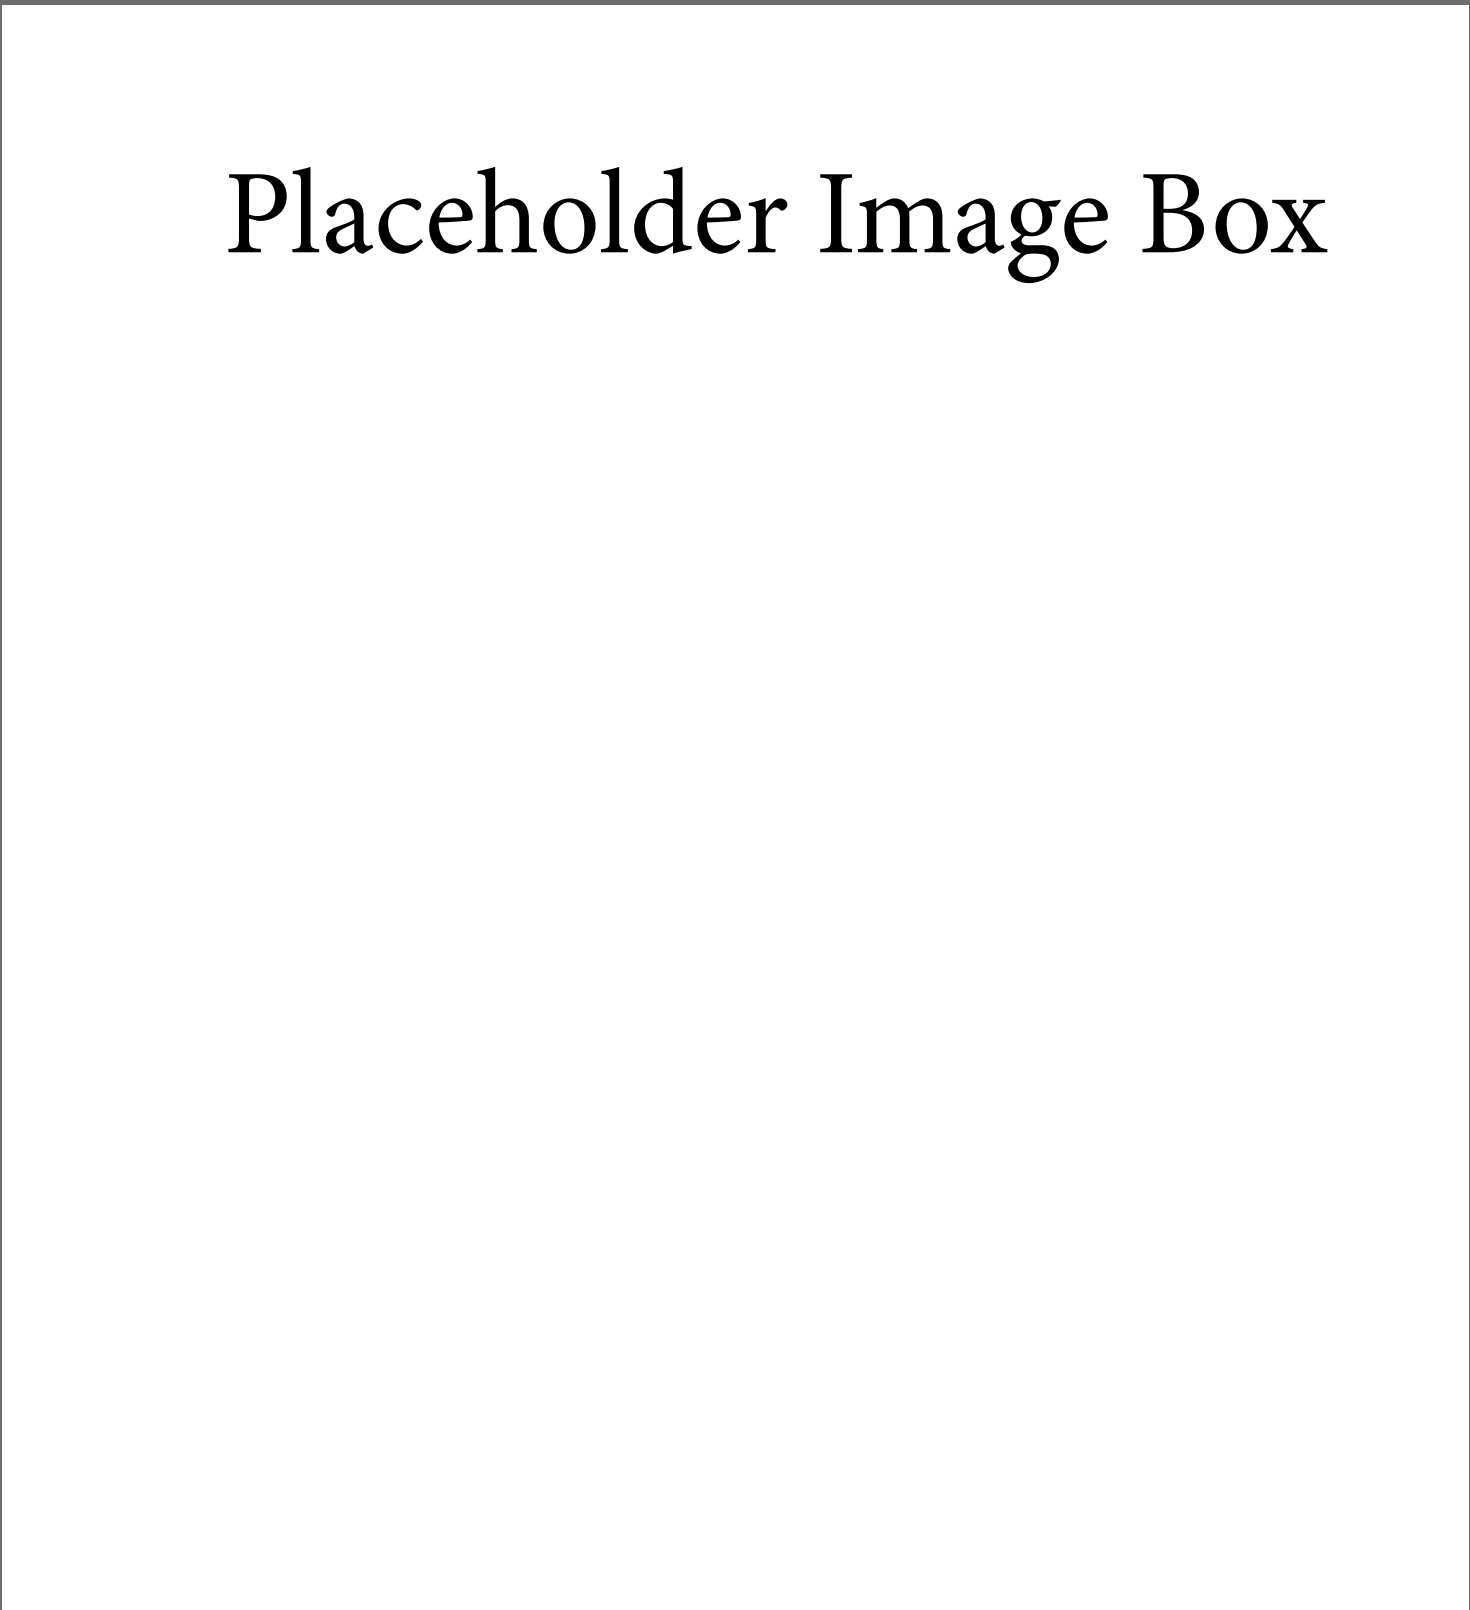

Sincerely,
Nathan Dong

Gallery

This is the gallery! All of my current work and all of my future work will be added here. A small description of the project will be provided under the Image.
